Attention:

- Avoid extra charges when [opening the gates](#) at Dutch stations. Load your ticket in the NS International app or print your ticket before departure.
- This email is to confirm your booking and cannot be used for travelling.
- Your ticket is personal and not transferable.
- Together with your ticket you must be able to show a valid identity document with photo (passport or identity card).

IMPORTANT: Gates in The Netherlands

We increasingly use gates at our train stations. To make your journey as easy as possible, we explain here how you can open these gates using the square barcode on your international ticket. You should therefore have your international ticket with you on departure or arrival. Follow these steps:

1. Go to a gate with the 'scan ticket' symbol.

2. Hold the square barcode against the illuminated area on your right-hand side.

3. The gate opens.
You can now enter or leave the station.
